

IN THE CLAIMS

Please cancel claims 2-31 without prejudice.

The following claims are now pending in the present application:

1. (Original) A power generation apparatus comprising a fuel cell and a reforming module, wherein the reforming module is adapted to reform hydrocarbon fuel into hydrogen and other components, and to separate said hydrogen from said other components, the apparatus being arranged so that said hydrogen is fed from the reforming module to the anode of the fuel cell.

2-31. (Cancelled)
